## Customer Reviews

Downloaded (or bought) this book that the title was: Agar.io "cheats", "hacks"... more like pages with nothing. One thing that tough it was usefull was how to download it in the computer, but really like 20 or 40 pages just to explain how to download agar.io!!QUICK TIP: if you want to find a guide just search it on the web or download it on [...] , I'm not saying to not buy anything from this guy, just sayin' that this guide is pathetic (like other ones here in )

Who ever tried Agar.io has to buy mods. Game becomes so much better and last day only I've played it for 9 hours straight. Game has pretty hard learning curve and this guide will help you to cut time in half. Now I play like a pro I lose around 15% of my games totally because of this guide. If you want to make game even more fun you should try some of the cheats in this download.

don't get this book it says agar.io hacks and cheats more like agar.io smacks and thiefs it sucks and the only thing that's helpful id how to download it on a computer but it's like 35 pages of explaining that DONT WAST YOUR MONEY!!!!!!ps if i could i wouldnt even give it a star

this guide made me a pro of this game. I play this game with my friends. Earlier i used to loose nearly half of the matches. After learning the cheat and hacks from this guide, I am able to win near 80-90 percent of the matches. This guide made a leader in my friends. :Pgo for it.

This guide is the best explanation behind this game. I have wanted to try different games out, and was curious. I am now an addict. If you need help with Agario, look up this guide. It's a thorough how to and can make any person a great player.

by far the best guide. precise and simple to figure out tips. My brother loves it too. Highly recommended

I would recommend this book to anyone who is not very good at Agar.io! ^ It is so DoPe!!!!!! Cool!

Loved the game, helpful guide. Thanks.
