Customer Reviews

I bought this book because in the past I have had bilingual dictionaries from the same author and I find the definitions in both languages are adaptable to the text I am translating and to my writing style.

Highly recommended as the cheapest legal dictionary I also have extra references and websites I use. This is almost a pocket size dictionary, but very practical and budget.

I bought this dictionary after seeing a glowing review, and once I received it I saw its original publication date was 1955! It has been reprinted a million times, but the content has not been updated in 50 years. Needless to say, the dictionary is completely useless, so I returned it. I am writing this to alert others who might be fooled by what seems to be a current publication date. The key thing to remember is that this dictionary is 50 years old and counting. A lot has happned in law and other areas since 1955! A whole lot!
