Find The Just Word English-Spanish Legal Dictionary: 500 Common Legal Terms In 10 Countries

Synopsis

Although most legal dictionaries can help you translate legal terms from English to Spanish, different words are used by different Spanish speaking countries, creating a major problem if you don't know which one to use to communicate with your target audience. For example, standard translations of the word "motion" are "solicitud," "moción," "pedimento," and "petición." However, if you need to know what the translation is for Argentina specifically, you would find that it is "solicitud," while you would never say "pedimento" in Puerto Rico. To figure this out on your own would take you hours upon hours of time. You would have to conduct extensive research, visit online forums, and more, to find the correct terminology for the one simple word or phrase you need to translate. This dictionary will help fill that gap so that you can prepare complete and accurate documents quickly and easily. Find The Just Word offers English to Spanish translations of 500 common legal terms used in 10 Latin American countries.
