The Dogs Of C-Kennel: Fresh Fish

Synopsis

Not Just Another Dog Strip... Will, a street-wise pit bull, has found himself living in a concrete cell with a large lovable half-wit Husky and a Chihuahua hypochondriac. Join these three motley mutts and the rest of the colorful cast of inmates as they try to maintain their sanity in the west wing of a sprawling animal shelter. Whether reenacting "Saving Private Ryan" in a snowball fight, enjoying "Fun with Shock Collars Friday" or working on their ongoing wall tunneling project, stolen directly from "Shawshank Redemption," this dysfunctional four-legged family shows us that life in lockdown can be cruel, harsh and usually hilarious!

I have to admit that I am a comic strip fanatic! I like most strips and am downright ecstatic when a fresh new voice appears on the comic pages. All new entries (for me) deserve at least a one-time reading. One of the newest strips is entitled "Dogs of C-Kennel" by Mick and Mason Mastroianni. While living in the C-Kennel, these delightful characters (all dogs, of course!) really exhibit and demonstrate many of the foibles, failures and triumphs of the human race today. The humor is both subtle at times and raucous at others. This has rapidly developed into one of my "don't miss" strips of today. (Unfortunately this amazing strip hasn't yet reached wide publication. I personally read it every day at GoComics.com.) "Fresh Fish" is the name of the first compilation of strips in book form. They date from the beginning of the strip up to this year. All the characters are introduced in the beginning of the book which makes it very easy to check out who someone is if you have forgotten. Humor, commentary, philosophy and the constant hope for a new owner fill this book with insight

and heart. Do yourself a favor and check out this strip and I bet you'll become as hooked as I have. This first compilation is beautifully produced; you'll want to return and reread it many many times. One of my highest recommendations in this field! (Just FYI, I have reacted in a similar manner to the following strips: the now defunct Calvin and Hobbes, Zits, Fox Trot [before it went to just Sunday publication], the relatively new Dustin, the revived Drabble, The Duplex, Crumb, and the classic Garfield.)

Cute but not up to similar books such as "Tails don't lie". Interesting development of individual animal characters with very cute personalities. Excellent for the waiting room in a veterinarian's office.

I became a fan of this comic on Facebook. When I found out that they had a book, I just had to get it. Good laughs from beginning to end. I recommend this book for any dog lover.

I only started reading the cartoon strip a few weeks ago and have enjoyed it a lot. This book has a number of some of the funniest cartoons I have seen in a long time.

I love the dogs of C-Kennel and never fail to laugh at their antics over and over. Not a "read one time" type of book.

Very good! Enjoyed it as much as I enjoy looking forward to their daily strip and hope a new book is in the works soon!

Truly entertaining and good to read thru many times. Every dog owner who has read it gets many laughs and memories

Hard to find but very good book; too short though. Looking forward to more books as this strip gains popularity.
