321 Down Street (Volume 1)

Synopsis

The Only Question Is Will Their Love Survive? The life that Sara and Jacobâ™s had dreamed of is suddenly turned upside down when her doctor delivers devastating news about their baby. Their world is turned upside down and the love they shared all these years is being torn apart in its aftermath sending them both on very different journeys and into the life of a boy named Alex. Can a chance meeting with a boy prodigy change their destiny or will their love be lost forever? Chapter 1 - Bacon Sara stared out the window in awe. The branches of the trees in the backyard swayed back and forth in the light breeze, the sunâ™s rays piercing through the leaves causing shadows to dance across the wilted grass. Sara practically floated around the kitchen in her excitement which filled the room along with the smell of the sizzling bacon she was cooking. After years of being married, Sara knew exactly how to rouse her husband from sleep, and she knew that the aroma would eventually coax him out of bed. Elated, she let out a girlish laugh. Today is going to be perfect, she thought.

Book Information

Series: 321 Down Street

Customer Reviews

I know the author, but I want you to understand that this review is not bias so I will start from the beginning. Kevin came to me one morning and told me about his book. He seemed very excited as he urged me to go buy the book, read it, and write a review. Though I was excited for him there was no way I was going to buy a book that I have no time to read when there were much more important

things for me to read such as planning for IEP Meetings, disability advocacy, and so on and so forth. Besides, I'm a single working, school going mom with limited resources. #smileandnod About 2 weeks passed and I ran into him again. I had to give him the disappointing news that I had not yet gotten his book. I'm sure he could see in my eyes that I had no intention of doing so either *shamed*. And, to my dismay he said, "Wait here, I have one in my bag." He gave me the book and told me to just try it out. I took it home, placed it on my bookshelf next to all the other books about down syndrome that still needed to be read feeling more than a little overwhelmed. I didn't want to read another depressing lecture about how I should fight 'the good fight' for my child's future or a long drawn out life experience story. Turning my back on it I just made a mental note to one day get to it. Luckily, the time came for a break from school and I found myself with a little extra time on my hands. I said, "Self, how about some pleasure reading?" Walking to my bookcase I saw that daunting stack of 'need to read' books with Keven's book right on the edge. The least I could do was read the 1st and last chapter so I could have something good to say next time I saw him.
