I LOVE this book!!!! I always loved dot to dot but as I got older the dot to dots didn't get harder UNTIL now :) These are so much fun to do and I like that it is easy-moderate. I do feel as if I had a good therapy session when I stop for the day, but that could have more to do with me talking to the pictures the entire time. Instead of therapy how about relaxing :) It is very relaxing and enjoyable to spend some time doing these :) I really hope you try it and enjoy it as much as I do :)

I ended up having to use a magnifying glass to locate some of the numbers. They are faintly printed and difficult to see. The pictures are beautiful though and well worth the extra time it takes to do. I find them very relaxing.

This book was delivered on time, packaged well and a very nice book. I gave it 4 stars only because I cant read the numbers! I have to use a magnifying glass to find the next number. I have no idea

what anyone could do to make this better, if you make the numbers bigger, you would have to make the book bigger! LOL But all in all, a nice book

I REALLY DID LIKE THIS ONE MORE SOME OF HIS OTHER ONES I HOPE MAKE MORE THAT SAY THERAPY. I HAVE A DEPRESSION AND ANXIETY DISORDER AND IT IS VER CALMING. MAKE MORE DAVID

A great dot to dot book that lets one unwind with ease.

Giving as a gift to my 87 year old mom.
