Harry Potter - The Ultimate Quiz Book

Synopsis

The magical world of Harry Potter and his friends (and enemies!) is one that is host to a wealth of wonderful information. Over seven books, J K Rowling has introduced us to a fantastical place where I am sure many of us would love to live - despite the risks of coming across dark wizards or scary beasts! This book contains 400 questions to test the knowledge of any Harry Potter fan. From questions even a muggle should know all the way through to trivia that would test Dumbledore himself, this is an excellent way to enjoy the wizarding world even more. These quiz questions are generally based on the world as told to us in the books, rather than the series of films, as the two are sometimes quite different! Perhaps you will read this book - newly updated and revised for a third edition - on the bus home after a long day at work or school, or maybe you will test your friends and family to see if they are as much of a magical expert as you are.

Customer Reviews

This is a great Harry Potter quiz book. It's the first one I've ordered after reading many reviews. Some of the questions are super hard and some of them are easy. We had fun passing it around and using it like a trivia game.

In the end, my wife made it through the entire thing but was convinced that some of the questions were misleading or poorly worded or that the answers were just plain wrong. Were they? No idea. But she is a Harry Potter aficionado, so I will take her word for it. The only way for you to find out is to support the author and buy a copy! Just be aware that this quiz book is definitely NOT for HP newbs.

The concept is wonderful. I do however find the Kindle Edition difficult to navigate through. Please think twice before getting the Kindle version.

It's ok for what it is but it's definitely not what I was expecting. When looking at the answers towards the back of the book, which I honestly believe shouldn't be there, I noticed Cho's last name was spelled Chan and not Chang. Must be a typo. Anyway, it's an ok quiz book for a child, not so much for adult fans.

This review is for the KINDLE version. I would not buy this in the kindle version. Since the answer to each question does not follow it (it lists a page of questions, then you have to flip to the answers) you have to keep flipping back and forth...not as easy to do as if you had a paper book. Also, for some reason, my kindle version did not return me to the same question page as I was on before, it skipped around. Not a good one for playing trivia questions with someone else. In a paperback version, I think it would be fine.

400 questions. Had to have read the books to know all the answers.

Good dinner time trivia. Some of them really stump us, but when the whole family puts our heads together, we can usually get the answers. Anything we can't answer is a good incentive to go back and read the series again.

My daughter loves this book. Perfect for the Potter fan in your life!
